

Looking for New Ideas? - Rotarians Helping Rotarians

Is this you?

"Help! My club has been doing the same fundraiser for the last few years and since we are seeing a decline in the amount of money raised, I think it is time for a change. Any ideas? "

Or

"Our club wants to do a new service project, any ideas for us?"

Sometimes it can be frustrating to start a new local or international service project, feeling like you aren't sure how it will work; or knowing that it is time for your club to create a new fundraiser, but just not sure where to get a new idea.

It was for these reasons that Rotarians Helping Rotarians was created! This project was a simple information gathering endeavor to help all Rotarians and clubs in our district. During PETS, the Presidents Elect were asked to complete a form noting what their clubs do for service projects and fundraisers. This information was then compiled and is made available to everyone in our district via our website! These simple spreadsheets give you information regarding all of the local and international service projects, and all of the fundraisers that are currently being conducted in our district.

Rotary Shares is the theme for the 2007-08 Rotary year and Make Dreams Real is the theme for 1008-09 Rotary year. Rotarians helping Rotarians allows each of us to contact a member of another club for information regarding a project or fundraiser our clubs might be interested in replicating. This allows us to be available to our fellow Rotarians to "share" so we can all work together to "make dreams real".
