ALAN BARDOLE
400 DALY AVE, SUITE 200
WISCONSIN RAPIDS, WI 54494

Dear Al,

I had a chance to drive by the ramp your members built for Dawn Henke at 410 13th Street, Wisconsin Rapids. I can't tell you how pleased I am with this project and how the united efforts of the Wisconsin Rapids Noon Rotary and Central Wisconsin Home Builders Association have once again made life easier for a local resident. I also notice the new storm door which was certainly up and above the call of duty and adds a classy touch.

Please make sure that everyone involved knows how much I appreciate their work and what a wonderful way to assist needy residents in the South Wood County. I will continue to watch out for additional ramp candidates as they develop. Thanks again for all of your hard work!

Sincerely,

Kenneth R. Eberhardt

Groups install ramp

This wheelchair ramp was built as a joint effort between the Wisconsin Rapids Noon Rotary Club and the Central Wisconsin Home Builders Association. It is the third ramp project completed in the community. The groups work in conjunction with Wood County Aging and Disability Resource Center of Central Wisconsin, which screens candidates for need and feasibility. Rotary purchases all necessary materials and provides volunteer assistance, and the Home Builders provides volunteer professionals for the project. This ramp was installed at 410 13th St. S. for Dawn Henke. Home Builders Association members who took the lead on this project were Tom Prohl, owner of PDS

CONTRIBUTED PHOTO

Construction Inc., and Mark Oléson, owner of Precision Installation and Finishing. Alan Bardole, treasurer for Rotary and the association, helps coordinate and assist on the project. Other Rotarian volun-

teers were Jim Custer, Gelse Berard, John Steele and Don Stein. Forrest Prohl from the seventh-grade First English Lutheran Church confirmation class also volunteered several hours.
