- The applying club must have their President Elect(President during project year) attend PETS unless excused by DGE(DG during project year).

D-6250 District Grant Process

Having met all of the prerequisites for a D-6250 District Grant, your **Proposal** will be reviewed by the **DGS** at its scheduled meeting. If the Proposal is approved, it will be included in the D-6250 spending plan. The spending plan will be submitted to TRF for approval. Once the D-6250 Spending Plan is approved by TRF and the money is received by D-6250, the funds will be sent to your club. Note: Do not start the proposed project until APPLICATION APPROVAL is obtained.

Examples of eligible project elements can be found in the instructions of the District Grant Proposal/Application form.

Revision January 4, 2017

Step by step:

- Review your District Grant Application with DGS Chair at least 10 days before the DGS meeting at which you wish to present your grant application to the full committee.
- In addition to the Grant Application document you should include:
 - Copies of estimates/price quotes from all vendors to support your budget
 - Signed letters of commitment or participation from presidents of all partnering Rotary clubs
 - Signed letters of participation from all other non-Rotary partners
- When the district grants chair is satisfied that your grant Application is complete, the chair will distribute it electronically to the full DGS. This must be done no less than 5 days before the grants submission deadline.
- The DGS Chair will present the project to the DGS electronically or at a scheduled meeting. You may be asked questions and may be offered suggestions regarding implementation of the project.
- After all questions answered a vote will be held and the district grant application will be approved, approved with contingencies, or declined.
- After the DGS has taken action you will be notified about the necessary action you need to take to receive your grant dollars. Remember You MUST submit receipts for EVERY expense. No expense will be accepted without receipt.
- The final report for your project must be submitted to the DGS Chair within 60 days of project completion. A district grant can't exceed current Rotary Year

D-6250 DG Funding Guidelines

Only cash contributions from D-6250 clubs will be matched dollar for dollar by D-6250 with District Designated Funds (**DDF**). **\$500** is the minimum district participation level for a district grant and the maximum match for a single club on a single project is **\$5,000**. By including additional D-6250 clubs as project partners, the maximum D-6250 project match of **\$14,500** could be awarded, still with the limit of **\$5,000** maximum match per contributing D-6250 club.

Project Locale

D-6250 District Grants can be implemented within or outside the boundaries of D-6250... anywhere in the world. While a **Host Partner** is not required by TRF for out of district projects, the D-6250 DGS reserves the right to require a Host Partner for any given project. Not the least of the considerations for this decision will be demonstrable Rotarian participation in the project.

Note: Projects should respect the needs and wishes of the receiving community. Projects require direct involvement of Rotarians through their assessment of community needs, establishment of a committee of at least 3 Rotarians to oversee expenditures and oversight of funds, implementation of the project activities, provision of evidence of community involvement and ownership, coordination of all participant activities, promotion of the project and reporting.

D-6250 GG Funding Guidelines

Only cash contributions from D-6250 Rotary clubs will be matched dollar for dollar with D-6250 District Designated Funds. Due to the limited amount of DDF available, Global Grants will be competitive in D-6250 and it is recommended that you apply early.

You can partner with other Qualified Clubs and Districts to increase the cash and DDF available for a project. TRF will match all Club Cash on a .5 / 1 ratio and all District DDF on a 1 / 1 ratio. The minimum match request they will consider is \$15,000 U.S. and up to \$400,000 with additional levels of competition and TRF approval applied beyond a TRF award of \$50,000.

Please review the Global Grant Life Cycle on the Rotary International Grants link for more information.
